**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a consumer who supports broadband competition. I'm currently with Sonic, after being with AT&T for years. Sonic provides 1Gbps fiber service at a cost far less than AT&T and provides a consistently high speed near that 1Gbps. This is unlike AT&T that gives a wide speed range and normally delivers at the bottom of the range at a high cost to the consumer.

I urge you to not alter the provisions of the 1996 Telecommunications Act that would eliminate smaller providers like Sonic who also depend on unbundled copper for their other broadband solutions.

Enough harm has been done to broadband and internet access, such as loss of net neutrality requirements.
